I-Transformer Lite

Electric Mobility

The I-Transformer Lite scooter is Wellell's new folding scooter. Its manual folding system allows the scooter to remain standing, thus preventing the user from bending over.

Light: Thanks to its lithium battery, its total weight is only 20.5 kg.

Comfortable: With adjustable rear cushioning system. Its height and width adjustable armrests allow the scooter to be adapted to the user.

Safe: With anti-tilt wheels that guarantee user safety. It incorporates an LED front light that allows you to see and be seen.

Easy to carry: Its 4 wheels allow it to be moved like a trolley once folded.

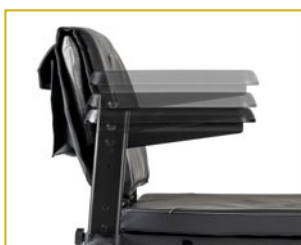

Featured items:

Back pocket

ergonomic handlebar

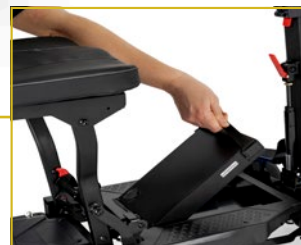

Armrests adjustable in height and width

Front LED light

Rear cushioning

Removable battery for facilitate loading

Accessories:

Light lead

Light rear

Flashlight

USB charger

Backpack

Measurements in cm
